Assistance to tribunals and litigants in another state, or in a territory, district, or foreign jurisdiction
The standard procedure under this Section will be as follows. When a case is filed in a foreign state and the witness to be deposed lives or is found in Louisiana, a lawyer of record on the plaintiff's side in the case or the defendant, or the attorney representing any other party in the case pending in the foreign state, will issue a subpoena to that state. The lawyer in the out-of-state proceeding will then obtain a copy of the subpoena form from the clerk's office in this state. The lawyer will then prepare a Louisiana form of subpoena so that it has the same terms as the out-of-state subpoena. The completed and executed out-of-state subpoena and the completed but not yet executed Louisiana subpoena will be delivered to the clerk's office in Louisiana. It is suggested that a short transmittal letter accompany the subpoena, advising the clerk in this state that the subpoena is being sought pursuant to this statute. The clerk of court, upon being presented with the out-of-state subpoena, will then issue the identical subpoena from the court in this state ("issue" includes signing, stamping, and assigning a case or docket number). The party seeking issuance of the subpoena will pay any necessary filing and service fees, and then have the subpoena served on the deponent in accordance with Louisiana law and includes any applicable local rules.

The advantages of this process are apparent. The act of the clerk of court in issuing the subpoena is ministerial, yet is sufficient to invoke the jurisdiction of this state over the deponent. The only documents that need to be presented to the clerk of court in this state are the subpoena and the draft subpoena to be served in this state. There is no need to hire local counsel to have the subpoena issued in this state or present the matter to a judge in this state before the subpoena can be issued. In effect, the clerk of court in this state simply reissues the subpoena of the foreign state, and the new subpoena is then served on the deponent in accordance with the laws of this state. The process is simple and efficient, costs are kept to a minimum, and local counsel and judicial participation are unnecessary to have the subpoena issued and served in this state. This Act does not disturb the entity of this state that requires a commission or letters rogatory to take a deposition in a foreign jurisdiction. The Act does, however, eliminate any requirement in this state of a commission or letter rogatory from the foreign court before a deposition can be taken in this state.

The Act requires that, when the subpoena is served, it contain or be accompanied by the names, addresses, and telephone numbers of all counsel of record and of any party not represented by counsel. This requirement imposes no significant burden on the lawyer requesting the issuance of the subpoena, given that the lawyer already has the obligation to send a notice of deposition to every counsel of record and any unrepresented parties. The benefits in this state, by contrast, are significant. This requirement makes it easy for the deponent (or, as will frequently be the case, the deponent's lawyer) to learn the names of and contact the other lawyers in the case. This requirement can easily be met, since the subpoena will contain or be accompanied by the names, addresses, and telephone numbers of all counsel of record and of any party not represented by counsel (which is the same information that will ordinarily be contained on a notice of deposition and proof of service).

Comment to Subsection E - 2014

The Act requires that the discovery permitted by this Section must comply with the laws of this state. This state has a significant interest in protecting its residents who become non-party witnesses in an action pending in a foreign jurisdiction from any unreasonable or unduly burdensome discovery request. Therefore, the discovery procedure must be the same as it would be if the case had originally been filed in this state.

Comment to Subsection F - 2014

The Act requires that any application to a court in this state for a protective order, or for an order enforcing, quashing, or modifying a subpoena, or for any other order relating to discovery under this Act, must comply with the rules and statutes of this state, including this state's procedural, evidentiary, and conflict of laws rules. This state has a significant interest in protecting its residents who become non-party witnesses in an action pending in a foreign jurisdiction from any unreasonable or unduly burdensome discovery requests, and this is accomplished by requiring that any discovery motions must be decided under the laws of this state.

Evidentiary issues that may arise, such as objections based on grounds of relevance or privilege, are best decided in this state under the laws of this state (including its conflict of laws principles).

Notwithstanding any Act applying for appropriate relief in the foreign state. Any party can move for an order in the foreign state to bar the deposition of a Louisiana deponent, and that motion may be made and ruled on before the subpoena is ever presented to the clerk of court in this state.

If the attorney for a party in an out-of-state action makes or responds to an application in Louisiana to enforce, quash, or modify a subpoena in this state, the lawyer making or responding to the application must comply with this state's rules governing lawyers appearing in its courts. This Section of the Act does not change Louisiana's rules governing Louisiana lawyers appearing in its courts. (See Rule of Professional Conduct 5.5.)

Section 2. The provisions of this Act shall apply only to requests for discovery made on and after its effective date.

The office of motor vehicles shall store any license plate removed pursuant to this Section at the office to which it was delivered for ten business days after receipt.

(e) The notice of the suspension or revocation of driving privileges shall serve as notice of judicial review rights.  Any action for judicial review of the suspension or revocation of driving privileges shall be in the same manner and under the same conditions as provided in R.S. 32:414.

If the operator of the motor vehicle does not or cannot comply with all of the reinstatement requirements for which he has been suspended or revoked, the motor vehicle shall be destroyed. For business days of the receipt of the notice of driver's license suspension or revocation, the office of motor vehicles shall destroy the seized license plate.

(e) The department shall promptly investigate an allegation made by such operator of a motor vehicle that the removal of the vehicle's license plate deprived him or his family of the necessities of life, or will prevent him or his family from earning a livelihood. If the department so finds, it may issue a hardship license plate to be placed on the motor vehicle. The office of motor vehicles shall issue a hardship license plate in accordance with the rules and regulations necessary to implement the provisions of this Subsection.

B. The law enforcement officer shall further determine if the operator is the registered owner of the motor vehicle stopped, involved in the accident, or otherwise subject to any investigation for any violation or revocation of intent to adopt the permanent rules in the House of Representatives and the Senate of the 2014 Regular Session of the Legislature of Louisiana.  The department may refuse to re-register the vehicle until the operator complies with the requirements of this Section.  In the event the motor vehicle is being driven after the expiration of the temporary sticker provided for in this Paragraph, the motor vehicle shall be impounded.

The Department of Public Safety and Corrections, public safety services, shall promulgate rules and regulations for implementation of the provisions of this Section.  Once the department has published the notice of intent to adopt the permanent rules in the House of Representatives and the Senate of the 2014 Regular Session of the Legislature of Louisiana, and the period for public comment has expired, the department is authorized to
adopt the proposed rule as an emergency rule to expedite the enforcement of this Section subject to legislative oversight as provided in R.S. 49:968 and 969.

(2) To this end, no license plate shall be taken or destroyed pursuant to the authority granted by this Section until such rules are properly promulgated in accordance with law.

(3) The limitation provided in Paragraph (2) of this Subsection shall not be construed as a waiver of law to operating a motor vehicle without a valid driver's license.

E. Nothing in this Section shall be construed or interpreted as authorizing any action under this Section if the operator is not also the registered owner of the vehicle as is reflected in the vehicle registration records of the department.

Section 9. All remaining funds shall be allocated and distributed as follows:

A. Subject to the provisions of Subsection B of this Section and except as provided by Section 5, the tax collector of each parish and the city of New Orleans shall allocate and distribute, within fifteen days after receipt thereof, to the tax recipient bodies within his jurisdiction an amount available after commissions and deductions which is necessary to offset losses attributable to homestead exemptions. In any parish which had excess funds in 1977, the amount available for the reimbursement of homestead exemption losses shall be limited to the amount used for the reimbursement of homestead exemption losses in 1977 on the Orleans Levee District's two mill tax.
